

# Student's Worksheet

## Pot of Gold

**TASK 1.** Read the text and try to remember as much as you can.

*Leprechauns are creatures from Irish folklore. They are usually dressed in green, wear a big hat and have a long beard. Leprechauns are shoemakers, and they put all of their coins and treasures in a pot of gold at the end of a rainbow. Legend says that if you find the end of a rainbow, you will find a pot of gold. But leprechauns are also magical creatures. If you meet one, you have to look at it all of the time – if you move your eyes away, it will disappear! If you do well, however, the leprechaun will offer to make three of your wishes come true!*
